KLOER, NO & GERECHT.

Dear fellow citizens,

"CSV Maacher" focuses on people. The municipalities are faced with major challenges: transparent information to the citizens, intergenerational co-operation, safety and emergency assistance, integration, social affairs, promotion of culture, tourism, sports and honorary offices and support of the local economy. We have accepted and implemented these challenges between 2011 and 2017.

In 2011, we proposed the following priorities:

- The financing of underground parking on the plot of the former hospital and retirement home.
- The new building of the sports and cultural centre.
- The redesign of the market square.
- The extension works of the "Maison Relais".

Due to our sustainable financial policy, these projects have been implemented or are being currently executed.

Moreover, we have planned and have executed numerous other projects rendering our city more attractive, e.g.: the renovation of the pedestrian zone, the creation of new parking spaces, the renewal of underground infrastructure, etc.

Together with my dedicated team, I look forward to continuing the development of our city, our "Muselmetropol".

The quality of life of our citizens has top priority for "CSV Maacher".

You shall feel comfortable in our city and enjoy the "Miseler way of life".

Our project is **„KLOER, NO & GERECHT“**
and we are **100 % ENGAGÉIERT FIR**
MAACHER!

LÉON GLODEN
Mayor

Security and safety

The CSV stands for security and safety in our municipality.

Following the engagement of another public agent ("Pechert") supervising the parking reglementation between 2011 and 2016, we have intensified the cooperation between the police and our "Pecherten", in order to strengthen our fight against vandalism. We will continue this policy.

This includes:

- a video surveillance in public places;
- the installation of modern lighting systems on all pedestrian crossings, in particular in the streets around the school ("rue du Centenaire", "rue des Tanneurs" and "rue Kummert");
- the introduction of speed limit of 20/30 km/h in the residential areas around the school.

We will continue to fight consistently against the expansion of the fuel storage facilities on the territory of Grevenmacher.

Maacher – offering high living quality

Our urban project is longterm focused .

Space use and construction policy

Once all preparatory studies for the revision of the general urban developpment ("PAG") are prepared, we will finalize the revision of the general urban developpment in the dialogue with the citizens.

We will:

- continue the renovation of old buildings;
- keep our promises in relation to the renewal of underground street infrastructures (e.g. "Rouderbaach");
- try to obtain the transfer of the "Ponts et Chaussées" depot from the "rue de la Moselle" to "Potaschberg"; this will allow a new layout of the said plot for residential and commercial premises as well as for underground parking;
- enter into negotiations with the authorities concerning the layout of the plot in the "rue du Centenaire", where currently the regional school of music is installed (e.g. covered swimming center or apartments, office space with underground parking).

Living

Personnal accomodation is the basic prerequisite for life quality.

Once the preparatory work for the PAP "Pietert" and the new PAP "Op Flohr" will be finished, we will be able to officially start the procedure of approval. Hence new accomodation for up to 350 people can be built in the next years.

- The construction works of the social housing in Gilgesgässel" (5 new residential units), house N° 43, rue Syr (a larger family house) are nearly finished;
- the renovation works of the house 29-31, "rue Syr" (3 residential units) will soonly start;
- a total of 70 new residential units are currently being built in collaboration with the "Fonds de Logement" ("rue de Luxembourg") and the "SNHBM" ("rue Seimetz", "rue des Remparts").

The municipality is an important partner for the local economy

Grevenmacher is an attractive town and business center with many shops in the center of the town and industries and craftman undertakings on Potaschberg. The CSV acts in the interest of the local business. Local businesses create jobs close to the living place and strengthen the development opportunities of our town.

Following the reallocation of the plots in "rue de Flaxweiler " at Potaschberg under the direction of the municipal leadership:

- the procedure for a local business area can be finished; and
- the procedure of the implementation of the "Financial Center" is launched:

> Creation of up to 1,200 jobs.

We will implement the "Pact Pro Commerce" concept in cooperation with the local business association (UCAG) and the Ministry for Economic Affairs.

We propose continuing the "Citybus" in cooperation with the local business association.

Mobility and transport

We consider a friendly mobility concept.

Yes, additional parking space must be built.

After having:

- built over 80 new parking lots next to the lock;
- planned an underground car park (110 public parking lots) in the "rue des Remparts" being currently under construction;
- bought a plot of land in the "rue Kummert" for additional parking space;
- initiated a park & ride with 80 parking places to be built opposite the police building in cooperation with the state authorities;

we will also:

- support "car sharing" initiatives;
- support a better bus connection to the airport;
- propose to continue the "City Bus";

- consider a better connection to the railway station at Wecker and a better bus connection to Junglinster;

- continue the development of cycle lanes;

- set up additional electric car charging stations;

- continue the cross-border cooperation to find solutions to the growing traffic volume;

- consider an underground parking on the premises of the "Institut St François" and "Museldrauwen", in cooperation with the Congregation of the Franciscans.

We will also amend the residential parking regulation by fixing parking meters in the residential areas next to the school and the Maacher Lycée. The parking time in the "route du Vin" and the adjoining parking spaces will be limited, so that the commuter traffic through Grevenmacher may be reduced.

Grevenmacher brings people together

We focus on the social integration of all inhabitants. Grevenmacher is a multicultural town and offers homeland to over 70 nationalities. Integration is daily lived in our town.

- We continue to promote daily integration.
- We will review our welcome brochure in order to render it more attractive.
- We continue the welcome ceremony for newly arrived inhabitants.
- We implement the integration plan.
- We consider offering Luxembourgish language courses, e.g.: in cooperation with the "Maacher Lycée".

Family, children and school

We are committed to a child- and family-friendly municipality.

The extension works of the Maison Relais will be finished for the school year 2017/2018, and thank to our commitment, several private children's day care centres have been opened in Grevenmacher over the last 6 years. We will continue to expand the range of childcare facilities.

We will:

- work closer with the children's council;
- ensure the safety of the children on the way to school;
- set up a structure permitting the care of ill children whose parents are working;
- continue to support the "Eltereschool" (parents school);

- enlarge the activities for children and young people during the summer holidays, in cooperation with the Maison Relais, the cultural and sports associations, as well as with the "Kulturhuef" and the CRIAJ;

- enter into negotiations in order to set up an additional children's day-care center to be run on the plot of "Foyer Museldrauwen" and "Institut St. François".

Social issues

We assume social responsibility.

We continue to support our fellow citizens in close collaboration with the "Office social" and the "Epic rie sociale" as well as with all other social institutions:

- by financing new premises for the "Kleederstuff";
- by continuing our important engagement in the "Office social";
- through the continuation of building social housing.

Youth

The dynamic town of Grevenmacher needs young people who are willing to actively shape our community life: "Maacher powered by youth".

The "Zéintscheier" has become the new home for the CRIAJ.

We consider:

- continuing working closely with the children's council (Makaro);
- creating of local youth council;
- reviewing the "Young Friday" concept;
- offering a page for young people in the municipal bulletin;
- the possibility for young people to do voluntary work - implementation of the "Al tréfft Jonk" (elder meet young) initiative;
- honouring of meritorious young people.

Seniors

Elder fellow citizens have specific needs and concerns. They want to continue living in their familiar surroundings as long as possible and they want to take part in community life.

We are committed to:

- security at home through the financial support of emergency call systems;
- continue the improvement works granting easier access to public buildings;
- implementing the prepared municipal plan for seniors;
- create parking plots and other public facilities for disabled persons;
- continue supporting the "Maacher Atelier" which offers its services to senior citizens;
- help the applicants requesting the "Adapto-Bus";
- offer to the seniors a specific page in the municipal bulletin;
- support endeavours for attractive senior citizens' activities and their development, as well as a meeting place for seniors.

Environmental protection: Think globally, act locally

We are aware of the importance of climate, nature and environmental protection in our municipality. The municipality must fulfil its role as forerunner.

This function includes to:

- continue the execution of measures to protect the community sources of "Geyershaff";
- pursue a consistent environmental and recycling policy as well as pesticide-free policy where appropriate;
- maintain the drinking water pipeline system;
- adapt municipal infrastructure to sustainable energy; - support the "MyEnergy initiatives";
- extend the natural gas pipelines.

After a public vegetable garden has been created, we will consider an attractive area for gardening fans.

Tourism and culture

Tourism plays an important role in Grevenmacher. Tourism and culture are complementary. Numerous projects have been implemented in recent years.

After:

- the implementation of phases 1 and 2 of the marketplace;
- the construction of the "BistroQuai", including a pétanque field;
- the construction of a new terrace and a lift next to the public swimming pool area;
- the construction of a skatepark;
- the construction of the open-air gallery "Turgaass";
- the organization of numerous tourist and cultural events ("Nopeschfest", "Gaassefest", "Young Friday", various theme exhibitions);

we will continue to consistently promote Grevenmacher as a wine resort and an attractive metropole of the Mosella.

After the opening of the new sports hall we will transform the sport and cultural centre into an exclusive cultural centre including concert hall and conference facilities..

We will:

- continue the renovation of the Osburg-House as the new centre for the regional music school of Grevenmacher;
- consider an affordable roofing of the "Kulturhuef" (e.g. fixing shadow sails);
- build phase 3 of the market square, after completion of the construction work of the underground parkings in the rue des Remparts;
- consider the building of a youth hostel next to the "Kulturhuef";
- install technical facilities for larger river cruise ships at the embarkment next to the swimming pools;
- promote and support private initiatives in tourism;
- set up oenological courses;
- finish the reconstruction of the walk between the "Marie-Astrid" embarkment and the bridge with a legend tray;
- install public chess fields on the walk;
- review the walk between swimming pools and tennis courts;
- consider to buy a houseboat for tourists;

- continue the award for persons with cultural merits;
- continue participating in local, regional, national and interregional initiatives to promote tourism;
- continue planting vineyards in the town;
- continue cultural events such as "Gaassefest", "Young Friday" or "Fakelzuch";
- consider the organisation of a music festival;
- promote theme exhibitions ("Nopeschfest", etc.);
- realise the 2nd phase of the open-air gallery "Turgaass";
- continue the research works of local history as well as the archiving of the historical documents.

Sports and leisure

Sport and leisure largely contribute to the life quality and promote social integration. We are committed to a wide range of sporting activities and appropriate infrastructure. We have already increased the offer of sport and leisure facilities in the last six years, such as the construction of the new skatepark, the expansion of playgrounds and their safety certification, the construction of the new sports hall "Op Flohr".

We will:

- continue to grant subsidies for sports clubs investing and promoting youth work;
- install additional playgrounds;
- upgrade the facilities "Op Fooscht" (playground / climbing park);
- set up a new concept for the "Nuit des Sports" (a sports festival).

Health

The community has a supporting function in the field of preventive medicine. We are dedicated to promote facilities providing adequate medical and home care services.

After we have:

- financed home and family care services;
- installed publicly accessible defibrillators on public buildings;
- intensified the cooperation with the HPPA;

we will continue to pursue these initiatives in the future.

We will promote regional products in the school and the Maison Relais.

We will support financially doctors who will jointly run a medical centre, so that medical care in Grevenmacher is also possible on Saturdays and if needed on Sundays, as according to the Government statements no "Maison médicale" will be built in the East Region.

EIS KANDIDATE FIR D' GEMENGWAHLEN 2017

LÉON GLODEN

44 Joer
Buergermeeschter
Députéierten
Affekot

Bestuet a Papp vun 2 Kanner
Member vum CSV Nationalcomité
Beziirkspräsident CSV Osten
Präsident vun der CSV Maacher

„Als Buergermeeschter hunn ech mech a wëll ech mech weider fir de Wirtschaftsstanduert Maacher a fir neie Wunnraum asetzen. Fir eis Uertschaft, déi d'Virdeeler vun enger gréisserer Stad huet an de Bierger a Biergerinnen eng héich Liewensqualitéit bitt.“

JOLITA BARTKUTE ÉP. CRUTARCIUC

46 Joer
Sozialpädagogin an Hausfra

Bestuet
Comitésmember vun de Frënn vun der
Regionaler Maacher Musekschoul
Member vun der Chorale Municipale

„Ech sti fir eng sécher a lieweg Stad Maacher fir jiddereen. Ech schwätzen Är Sprooch, a wa mir Vertraue geschenkt gëtt, da stellen ech gär mäi Wëssen, meng Zäit a meng nordsch Gedold zur Verfügung.“

MARTINE COGNIUL-LOOS

54 Joer
Staatsbeamtin

Bestuet a Mamm vun 2 Kanner
Präsidentin vun Regionaler Maacher
Musekschoul
Member vun der Croix Rouge-Sektioun
Comitésmember CSF Osten

„Als Maacher Meedche leie mir d'Aktivitéite vun de Kultur-a Sportsveräiner um Häerz. A meiner scheinert Heemechtsstad, wou et sech sou goud liewe léisst, ass et mir wichteg, datt d'Leit vun alle Generatiounen sech wuelféilen.“

SOLANGE DUMONT-BINSFELD

49 Joer

Employée op der LALUX Assurances

Bestuet

**Chancëgläicheetsdelegéierten
vun der LALUX Assurances**

**Member vun der Chancëgläicheets-
kommissioun**

**Member vum Bezirkscomité CSV Osten
Sekretärin vum Bezirkscomité CSF Osten**

Ech si ganz houfreg, datt eis Muselmetropol sech zu enger dynamescher Stiedchen entwéckelt huet. Zesumme mat eiser kompetenter Equipe, well ech mech asetzen, dass déi Dynamik och an Zukunft bestoe bleift.

LIANE FELTEN ÉP. KRAUS

50 Joer

Gemegeconseillère zënter 2005

Employée op der Zukunftskeess (fréier Kannergeldkeess)

**Bestuet a Mamm vun 1 Meedchen
Präsidentin vum Maacher Kulturhuef
Member vum CSV Nationalcomité
Sekretärin vun der CSV Maacher
Member vun CSV Bezirkscomité
Member vum CSF Bezirkscomité**

Als Mamm wees ech, dass Familjen e Bestanddeel vun éiser Gesellschaft a vun éiser Gemeen ass, deen duerch näischt ze erseetzen ass. Mäin Uleies als CSV-Conseillère ass, datt all Bërger sech an éiser Gemeen wuelfillt.

MONIQUE HERMES

67 Joer

Schäffin zënter 2011

Pensionéiert Léierin

Jonggesellin

**Präsidentin vun der Kulturkommissioun
Engagéiert am Maacher Veräinsliewen
Vize-Präsidentin vun der CSV Maacher**

Dat kulturellt Ierfgutt vun der Muselmetropol läit mer besonnesch um Häerz. Ech wëll mech weider asetze fir Maacher, nom Motto: Mat dem Ierwe verbonnen, dem Haut verpflichtet, engagéiert fir d'Zukunft.

LAURENT HURT

40 Joer
Privatbeamten

Bestuet
Member an der
Jugendkommissioun, Verkéierskommissioun an Integrationskommissioun
Comitésmember vum CSG
Comitésmember vum CRIAJ

Ech wëll hëllefen, déi positiv Weiterentwicklung vun der Stad Maacher mat gestalten. Esouwuel am urbanisteschen, wéi och am verkéierstechnesche Beräich. Dat ass mäin Uleies.

RENÉ HUSS

62 Joer
Pensionéierte Buschauffer

Bestuet a Papp vun 2 Jongen
Präsident an der Verkéierskommissioun
Member an der Sportskommissioun
Präsident vum Dart Club „Rou'de Léiw”

Ech engagéiere mech, fir d'Attraktivitéit vu Maacher als Wunn-, Akaafs- an Touristestad. Dat bedeit, dass Park- an Tourismusinfrastrukturen, grad ewéi Sport- a Freizäitméiglechkeete weider ausgebaut gi sollen.

PAUL LORENZ

57 Joer
Fräiberuffler
(Beroder vun Entreprises aus der Medien- a Satellitenindustrie)

Bestuet a Papp vun 1 Meedchen
Präsident vum Comité des Fêtes
Gréiwemaacher
Member vun der Croix Rouge-Sektioun
Member vum Verwaltungsrot vum ORT
Miselerland

D'Schoulen hei zu Maacher, awer och d'Entwicklung vun Industrie a Commerce an enger Zäit vun "digitaler Restrukturatioun" – dat sinn d'Themen, bei deenen ech mäi Wëssen a meng Experienz ganz besonnesch wëll abréngen.

CARINE SAUER

56 Joer

Infirmière (Responsabel bei Hëllef Doheem Maacher)

Mamm vun 2 Kanner

Member vum Verwaltungsrot
vum Office social

Präsidentin vun der Chancëgläichheets-
kommissioun

Sekretärin vun der Kommissioun
fir den 3. Alter

Eis eeler Matbierger sollen d'Méiglechkeet
gebuede kréien, sech sozial a kulturell am
Gesellschaftsliewen ze engagéieren. Ech
setze mech virun allem fir eng senioren - a
behënnertegerecht Stad Maacher an.

TOM WEBER

20 Joer

Student (Germanistik a nei Geschicht)

Jonggesell

Member an der Jugendkommissioun
Trésorier bei der Kondschafter a.s.b.l.
Aktive Member an der Rhäifränsch
Member am CSJ Nationalcomité

Eng villfältig Kulturpolitik kann den Ënner-
scheid tëschent Wunnen a Liewe maachen.
Maacher huet sech an de leschte Joren an
dëser Hisiicht besonnesch ervirgedoen.
Dës Aarbecht gëllt et fortzesetzen !
